Located in the heart of New Bedford Whaling National Historical Park, New Bedford Whaling Museum is the world's most comprehensive museum devoted to the global story of human interaction with whales through time. Newly expanded galleries feature five whale skeletons; a half-scale model of the whale ship *Lagoda*; outstanding collections of fine and decorative art, artifacts and scrimshaw; and the Casa dos Botes Discovery Center, gift of William M. Wood III, where families can explore and learn together.

Host your unique event at the Whaling Museum
