

WHALES GIANTS OF THE OCEAN

Whales: Giants of the Ocean
Lesson 4 - How Big Are Whales?

Table 2

Cetacean	Student Estimate of Length (in feet)	Average Length (in feet)	Number of students lying head to toe that would equal the length of this whale	Number of _____ that would equal the length of this species
Blue whale				
Finback whale				
Right whale				
Sperm whale				
Humpback whale				
Minke whale and Orca				
Pilot whale				
<div style="border: 1px solid black; padding: 5px; display: inline-block;">Additional Sizes and Lengths</div>				
Beluga				
Blue whale - calf				
Bowhead				
Common dolphin				
Cuvier's beaked whale				
Gray whale				
Right whale - calf				
Risso's dolphin
