

WHALES GIANTS OF THE OCEAN

Lesson 8.3 - What Sounds Do Whales Make? Sounds Information Table

Your teacher will play several sounds for you. Write down the name of the animal, how it gets its food, and check off the types of sounds each one makes. Some animals may make more than one type of sound.

| | | Check the type of sound(s) made | | |
|--------------|-------------------|---------------------------------|---------|------|
| Species name | Toothed or Baleen | Click | Whistle | Tone |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |

Which group of whales (toothed or baleen) makes higher pitched sounds?

Which sounds do you think would be better for echolocation? _____
Why? _____
