

Drop-off and Pick-up

**Please share this NEW information with
bus drivers.**

Construction around the museum means we have a **NEW**
and **REQUIRED** student entrance.

Use **63 Union Street** as the
address for student drop-
off and pick-up.

Recommended driving route:
Use JFK Memorial Highway (Route
18) to approach 63 Union Street from
the east and stop at the corner of
Union Street and North Water Street.

School busses should **AVOID the Museum's main entrance** on Johnny Cake Hill
because of **street closures and narrow one-way streets**.

**School busses are not permitted to travel on Bethel
Street, North Water Street or Johnny Cake Hill. School
buses MUST proceed from Rt 18 to Union Street Only.**

Busses should stop in the travel lane to drop students on the Whaling Museum
side of 63 Union Street. Students can be picked up here at the end of the trip.

The Museum does not have designated parking for school busses during
construction. There are metered spots throughout the downtown district.
Parking may be available at the MBTA New Bedford Commuter Rail Station at
536 Acushnet Avenue for \$4.00 per day.
